

# ACESDV Webinar Training Calendar 2015

- **Dynamics of Domestic Violence**  
January 21 [Register here](#)  
July 22 [Register here](#)  
Focusing on the basics; defining domestic violence, understanding abuser's tactics, barriers to safety for victims, and the statutes addressing domestic violence.
- **Sexual Violence 101**  
January 26 [Register here](#)  
July 27 [Register here](#)  
A brief introduction defining sexual violence, sexual assault, rape and sexual harassment. The traumatic effects on survivors and effective and empowering ways to offer advocacy and support will be examined.
- **Advocacy and Empowerment**  
February 18 [Register here](#)  
Offers best practices in sexual and domestic violence advocacy and will position attendees to understand the process of empowerment.
- **Reproductive Coercion and Birth Control Sabotage**  
March 5 [Register here](#)  
Define reproductive coercion and birth control sabotage and discuss how they are exhibited in real world situations. Attendees will learn how to safely screen for reproductive coercion and birth control sabotage and provide intervention and resources when appropriate.
- **Mandatory Reporting**  
March 11 [Register here](#)  
Outline what Arizona law says about mandated reporting and how it relates to domestic and sexual violence. Major topics discussed will include whether a report must always be made when there is sexual or domestic violence in the home, how to make a report and remain supportive of the victim, and how to support a victim through the child welfare process.
- **Health and Emotional Effects of DV on Children**  
March 26 [Register here](#)  
Explore the health, developmental, behavioral and emotional effects of domestic violence on children: infancy to teenage years.
- **Safety Planning with Survivors**  
April 15 [Register here](#)  
Explore the intricacies of safety planning with survivors of sexual and domestic violence. The attendees will be taken well beyond the often misused 7 step safety plans and into the process of safety planning.
- **Trauma Informed Care**  
April 27 [Register here](#)  
Discuss the trauma experienced by many survivors. We will examine how programs and services can assist with trauma informed advocacy. This discussion may reveal delivery adjustments that could improve our services.
- **Advocating with the Littlest Domestic Violence Victims: Promoting Resiliency in Children**  
May 13 [Register here](#)  
Share ways to support parents and advocates as they assist children healing from Domestic Violence.
- **Domestic Violence: Crime and Trauma**  
June 11 [Register here](#)  
Explore what often gets lost in domestic violence incidents. All too often Family Violence is looked at through a minimizing lens. Often a crime has been committed, victims are Crime Victims, perpetrators have committed a criminal offense, and many victims are traumatized.
- **Secondary Trauma and Self Care**  
December 2 [Register here](#)  
Focus on the importance of advocate/responder self-care, how to identify burnout and trauma fatigue along with suggestions on caring for ourselves.

All Webinars are
