

Arizona Coalition to End Sexual and Domestic Violence

# Arizona Prop 125

---

## What does Prop 125 Propose?

Prop 125 is a ballot initiative designed to allow the Arizona state retirement plans CORP and EORP to make adjustments to retirement benefits based on cost of living (capped at 2% increase annually), rather than based on permanent benefit increases (capped at 4% increase annually).

This legislation will impact those within the CORP and EORP plans by decreasing the rate at which their benefits can be increased (from 4% to 2%).

According to AZ Senate Research Staff Prop 125 could increase the amount of money available in the state general fund, however since the legislation does not directly help or hurt survivors of sexual or domestic violence, we remain neutral on this legislation.
